

-we make all the organization of the transport by your request, directly with your clients and your engagement is minimal

-conversation for the quantity, packing kind, choice of the right vehicle, choice of the best route without that to reflect of the price of the services

-you could receive the correct prices in any moment, no matter the permanent changes in the transport market

-excellent prices of the services, without reflection to the quality

-terms of delivery

-information about position of your cargo in any moment

-organization of warehouses, transits

-all the vehicles are with valid CMR insurances

-transport of goods with ADR

-cargo insurances
